About Me

UI Designer with 3+ Years of experience in building modern web apps using HTML, CSS, JavaScript, Bootstrap and more.

EXPERIENCE

Maple Software, UI Designer

Feb 2021 – Jul 2022

➢ Creating designs for new projects, building wireframes and prototyping design ideas with **Adobe XD**. Implemented the workflow by transforming **UI Designs** and Wireframes into production-ready code.

➢ Worked alongside with developers to implement charts based on **Canvas.js**, **Jquery** script like bar charts, Gantt charts, stacked bar charts, etc..,

➢ I have designed web application for the precise location of the ships entry into dock, Map designed on Adobe Photoshop and later integrated on the website with **Pan Zoom** functionality.

➢ I have resolved compatibility issues of websites using **Bootstrap** and **Media Queries**.

Adrav Innovations, UI Designer

Jan 2019 - Feb 2021   2 years

➢ Designed multiple dynamic and responsive Product pages using **HTML5, CSS3**, and **JavaScript**.

➢ Designed landing pages for product promotions and admissions advertising using **HTML, CSS, Bootstrap, JavaScript**.

➢ I've handled manual production code pushing into servers using **WinSCP**.
